What's going on over there. Tom said you have ants?

Yes! It's horrible. They're in the kitchen and the dishwasher.

Mom's been running around fingering everything in sight and it's making the house smell so bad.

Now that's a bad mental image. I'm scarred for life.

8:45PM
Price depends on a number of factors including if there's matts, how long the coat is and what kind of style you want but as long as they're in good condition it should be around $56 to groom your Big hole.

What does Sam need for his birthday besides that shirt?

Darth badger sleep pillow for his bed?

I have no idea what that is.

Just looks like his helmet as a fuzzy pillow.
